Vicky is a **Volkswagen Transporter T6.1 Highline SWB 150 DSG Auto**, professionally converted into a fully equipped campervan designed for comfort, practicality, and adventure.

The **SWB (Short Wheelbase)** design makes the van easier to drive and park while still providing a spacious and practical camper layout.

Powered by Volkswagen's reliable **2.0 TDI 150PS diesel engine** and paired with a smooth **DSG automatic gearbox**, our campervan delivers effortless driving performance whether you're touring coastlines, countryside, or city breaks.
